Academic and Administrative Audit (AAA) Report 2019-2020

The Sri Ramakrishna Mission Vidyalaya, Coimbatore, is a major educational centre of the well-known Ramakrishna Mission, Belur Math, Howrah, West Bengal. Located at about 19 kms from the Coimbatore city on the highway to Ooty, the Vidyalaya is situated in a serene environment spread over nearly 300 acres. The institution was founded by Dr. T S Avinashilingam in 1930, with an investment of Rs. 5.75 and one harijan boy on its roll. Indeed, a small beginning for his great achievement that stands materialized today as a vast educational and spiritual centre with around twenty wings. But then, there was a source for his inspiration to set out on that bold venture. While studying in college, Dr. T S Avinashilingam met Swami Shivananda, a direct disciple of Bhagavan Sri Ramakrishna whose another well-known disciple was Swami Vivekananda. It was from Swami Vivekananda that Swami Shivananda absorbed the idea of the prime importance of education for the revival of India. The 'sacred touch' of Swami Shivananda, as Dr. Avinashilingam later described it, awoke in him the necessary strength and vision for his future mission in the field of education. Mahatma Gandhi, the Father of the Nation, laid the foundation stone of the Vidyalaya in 1934 and wished that the students of the Vidyalaya would be intensely patriotic followers of Truth. The Vidyalaya was affiliated to the Ramakrishna Mission in the same year. The Vidyalaya strives to infuse the educational and spiritual ideas of Bhagavan Sri Ramakrishna, Sri Sarada Devi and Swami Vivekananda into the daily lives of its students. Swami Vivekananda emphasized 'man-making education' and hence a lot of importance is given for the all-round growth, enrichment and personality development of the students. Universal values such as self-reliance, self-control, patriotism, service and dedication to duty are taught in various practical ways. A band of monks and brahmacharis of the Ramakrishna Order manage the activities of the Vidyalaya assisted by a highly professional and dedicated team of teaching and non-teaching staff.

Sri Ramakrishna Mission Vidyalaya Maruthi College of Physical Education is one of the pioneering Physical Education Colleges in South India. It was started in the year 1956 and autonomous status was conferred in the year 2007. The college has completed 65 years of purposeful service to the student community and society. The college follows the great ideals placed before the country by Sri Ramakrishna, Swami Vivekananda and Mahatma Gandhi. This institution has been named after the great Ramayana hero, Mahavir, also called Maruthi or Hanuman. Faith and devotion are essential factors in the development of strength in any individual. Personal purity and devotion to a great cause are the necessary requisites for a healthy living. Maruthi, who personified in himself these great qualities, has stood as the ideal of manhood to millions of men in our country. And so it is only fitting that this institution is named after him. The college offers UG-Bachelor of Physical Education (BPED), PG-Master of Physical Education (MPED), Master of Philosophy (M.Phil), and Ph.D-Doctor of Philosophy (part-time and full time) programmes.

VISION

The vision of the college is to provide personal, intellectual and professional growth of its students and staff and to produce an ideal physical education teacher with emphasis on man making and character building education.

MISSION

- Preparing physical education teachers of highest caliber both in theory and practical.
- Aspiring for global standards of quality teaching, research and publication and commitment to service to the community.
- Imbibing Indian cultural values and work ethics in the minds of student teachers.

All higher education institutions in India are expected to undergo rigorous quality assessment through external peer review and continuous accreditation based on predestined academic and administrative audit criteria. Accreditation and Re-accreditation to show continuous improvements have become routine processes. The monitoring and evaluation of the educational institution processes require a carefully structured system of internal and external introspection. After each assessment and accreditation, the National Assessment and Accreditation Council (NAAC) expect institutions to conduct continuous academic and administrative audits by external peers. It is an important step in independently assessing how well the improvement process is progressing and what still needs to be done. Institutions that strive to excel are always in the process of making a greater contribution to the growth and development of the education system. To ensure quality and excellence in higher education, Sri Ramakrishna Mission Vidyalaya Maruti College of Physical Education has taken steps to monitor its progress and evaluate the performance of organizations not only through the Internal Quality Assurance Cell but also through the Academic and Administrative Audit Committee. This academic year 2019-2020 was conducted by external peers. As part of the quality activities, the institution's IQAC has set up the following committee with external members for review and evaluation of the institution:

------------------------	---

	laboratories, computer laboratory and staff room - Experienced senior teachers and also enthusiastic young staff are the main strength behind the success of teaching-learning process - Separate Web portal for alumni association - Guidance and positive attitude in all respects of the Management is the inspiring force of the college.
Institutional Weakness	Most of the students are from rural areas and economically deprived, their exposure to the great scholarly foundations was not there
Institutional Opportunities	- Increased focus on multi-disciplinary approach for better learning - To have more collaborations with industries - Scope for search of talented students from rural background - Students from rural background have shown their brilliant learning aptitude - Services of alumni to be better utilized
Institutional Challenges	Students come from various institutions from different backgrounds and initially it is difficult for them to adjust to the disciplined nature of the institution

Section IV: Recommendations for Quality Enhancement

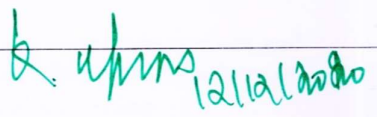

- Efforts can be taken to have MoU's with various agencies. - The institution may initiate steps to prepare alumni profile for UG, PG, Mphil and Ph.D, programmes as an additional instrument to indicate the success of the programs. This will add a significant outcome measure and show that the goals and objectives of the program have been successfully met with. - The current practice of the institution having publications by the faculty is commendable. While the top-performing staff need to be recognized and rewarded, those which trail far behind should be motivated and enabled to catch up.

I have read the report and agree with the report.
