 - College outreach activities can be conducted through web portals like 'Vidyanjali.'
 - An orientation programme on 'Vidyanjali' may be organized with an expert to improve visibility of college activities, and expand outreach efforts through online platforms.
- Dr. G. Balasundar, Assistant Professor at SRMV College of Arts and Science, provided the following suggestions during the discussion:
 - It is recommended to organize educational field visits for teacher trainees to prominent institutions such as the Sports Authority of India (SAI) Centre and Tamil Nadu Physical Education and Sports University (TNPESU). These visits would provide valuable exposure and practical insights for the trainees in their respective fields of study.
 - Teacher trainees should be encouraged to prepare e-content. This initiative would involve creating electronic educational materials, such as digital lessons, presentations, and interactive resources, to support and enhance the learning experiences of teacher trainees.
 - The meeting was brought to a close with a vote of thanks delivered by Dr. T. Jayabal, Principal, extended heartfelt appreciation to all the participants for their valuable inputs, insightful suggestions, active engagement and dedication to advancing the enhancement of the quality of the institution.
